working-groups/anga](https://igacproject.org/working-groups/anga)

## Research from and a discussion with the African Group on Atmospheric Sciences (ANGA): Uniting atmospheric expertise across Africa

Thursday August 12, 1300 GMT (<https://everytimezone.com/s/9cf42039>)

Register at <https://forms.gle/VJMrzXaGPTjchfnz7>

### First Section: Research from ANGA members

Andriannah  
Mbandi

An  
Introduction  
to ANGA

Hamza Merabet

Monitoring of black  
carbon in urban and sub-  
urban sites in Algiers  
(Algeria)

Michael Gatari

Implied 24 h  
concentrations of  
PM2.5 in Nairobi  
Central Business  
District, Kenya

Robert Mbiake

Effects of air pollution  
on the health : Case in  
the city of Douala in  
Cameroon

### Second Section: Panel Discussion on the state of atmospheric science in Africa
